€9.847,28 excl. VAT

Vanclaes Rib Marine braked boat trailer

The Vanclaes Rib Marine braked boat trailer is suitable for Rib?s and Rubber boats with a V-Hull.

The wiring is neatly concealed in the base frame and is connected to the socket of your car by a 13-pin (Jaeger type) plug. The entire basic frame of this boat trailer as well as the steel parts of the loading system and the winch post are made entirely of stainless steel.

By using stainless steel instead of the standard hot-dip galvanized steel in the market, the Vanclaes trailers have the advantage that they are much lighter with an often even stronger and more robust chassis. So in addition to the enormous qualitative and aesthetic advantages of this much more luxurious and beautiful material, a weight saving of +/- 25% is also a fact, which results in a higher load capacity and more possibilities for applying fine and practical options that you can help during driving as well as on the trailer ramp.

This boat trailer has two light bars that can be extended over a length of one meter and are equipped with 100% waterproof LED lighting. So you do not have to remove first the lighting from the boat trailer before launching the boat.

The hot-dip galvanized and then anthracite powder-coated braked axle line is from the German top brand WAP and is equipped with stainless steel water-resistant compact bearings. If you choose the disc brakes option, 100% waterproof oil bearings are supplied as standard. In addition, every braked trailer comes standard with shock absorbers on each axle line. The overrun brake is also standard, after the hot-dip galvanizing, anthracite powder coated.

The Vanclaes bow rollers are made of a plastic material. The keel rollers are made from Polyurethane. Both the keel and bow rollers are 100% scratch and scuff free.

The winch post and the bow support can easily be adjusted in length and height. The keel and bow rollers that your boat is on can also be moved in height and / or lengthwise. The automatically braked luxury safety hand winch comes standard with a solid winch belt.

All Vanclaes Rib Marine models come standard with a centering device with scratch and scuff-free Polyurethane foam rollers.

The prices of all Vanclaes braked road trailers are included costs of the mandatory C.O.C. document and removal fee for the tires. So complete and no surprises afterwards.
